No. 284/9

Mysore 15th July 1895

From

To

The General Secretary to
the Government of Mysore,
Bangalore

Sir,

With reference to your docket No. 315/E1 dated 6th July 1895, I have the honour to return the petition of the delegates of the Dakshinavara Hindustan Jana Maha Sabha of Mysore dated 29 June 1895, and to state the following reasons why it does not seem to me necessary to establish special scholarships and free-studentships for the benefit of Rajput students

2 The petition is on behalf of Rajputs who number about 8,000, not 12 000 as the petition states, in the whole Province They are descendants of immegrants from Rajaputana and Northern India who came into the Province at a time when the profession of fighting was more lucrative than now Rajputs have long since ceased to be a ruling race except in Rajaputana Considerable numbers of them are found scattered over the whole of India employed chiefly in the army and Police Service in the army and police is as open to them

in Mysore as it is in other parts of India Their backwardness in education is not peculiar to the Provinces of Mysore As a military caste they have been slow to appreciate the advantages of modern education, and by tradition and custom they have been averse to all literary pursuits Under these circumstances it is no wonder that there are so few Rajput boys in English Schools and Colleges

[illegible]

3. The analogy between Muhammadans and Rajputs is somewhat misleading While both communities have been slow to adapt themselves to the altered circumstances of the country, the former have been greatly hampered by a fanatical hatred of all learning outside the pages of the Koran an imperative rule to impart religious instruction to every boy before secular education can be commenced and a sullen refusal to avail themselves of educational facilities from a remembrance of their former achievements and confirmed belief in fatality In point of poverty I believe Muhammadans as a class are more poor than Rajputs who readily take to agricultural pursuits when other occupations fail. Moreover as far as Mysore is concerned Muhammadans may claim special privileges in as much as they were the ruling race in the last century and helped to form

[illegible]

(4)

a Kingdom which ultimately became the Mysore State

4 To encourage Rajputs merely on the ground that they have been immigrants will create inconvenient precedents for the Government The Mahrattas who number 44,446 and the Tundiars who number 5437 in the Province will naturally claim equal privileges with the Rajputs - At the same time some classes of the indigenous population like the Swachars that are backward in education may claim the same encouragement that may be shown to foreign settlers -

5 The Kannada schools of the Province are free or almost free A good middle class education in the chief Vernacular of the Country which has been adopted as their language by the Rajput immigrants is obtainable at a nominal cost The fees in the English schools and Colleges of Mysore are very low compared to the fees charged in institutions of British India There are also a large number of free-studentships and scholarships open to all classes for which Rajputs are eligible The Rajputs of Mysore have therefore greater facilities of obtaining education in Mysore than in other parts of India

6 It seems to me that the leading members of the Sabha which submits the petition may well raise a fund by monthly subscriptions and donations from which to give help to poor Rajput boys A sum of

RC

(12)

Rs 50 a month would be amply sufficient for some time to come

Senior Councillor to the Government of Mysore

Honored Sir

We the undersigned Delegates in acknowledging the receipt of the Government Proceedings No 1257 8-E D 10 of the 20th ultimo humbly beg to convey to the Government the deep sense of gratitude felt by the Dakshinavasi Hindusthani Community of Mysore, for having appreciated the backward condition of our people in the Province and for also having taken a fav view of our prayer

2 As regards the condition laid down in para 2 of the Proceedings for the grant by Government of Rs 50 per mensem we respectfully beg to state that we are quite unable to raise any amount by private subscriptions and it was with this knowledge that we approached this benign Government for help, after fully representing the deplorable condition of our people as already repre ented in our Memorial From the appended lists of School boys the Government will also be pleased to see that there is no chance of raising funds from the people of our Community

3 Under these circumstances we solicit your honor to kindly exempt us from the contribution and to be graciously pleased to grant us the follow ing concessions —

(i) that the amount of Rs 50 per mensem sanctioned by the Govern ment may be awarded to the students of the Community in suitable scholarships

(ii) and that the rates of fee for our boys may be made half the usual rates

For which act of kindness we shall ever be grateful.

the Govt the backward condition of
the Amalgamated Community
settled in this Province,
the Govt viewed the application in
a liberal spirit and offered to
help them by a donation to the
extent of Rs 50 a month of the
the members of the Society raised
a similar amount by monthly
subscriptions, for the Govt
considered that without self help
the advancement of the community
in the direction desired by the
applicants themselves could
not be permanently assured

2 In the petition now presented
by the delegates of the Society, they
however plead their inability to raise any
further subscriptions at all for the
purpose, and request

(1) that the Rs amount of Rs 50/-
a month sanctioned by the Govt may be
awarded to the students of the
Community in such other
reasonable ways, or

(2) that the rates of fees for

3 The Govt are not prepared to sanction more than
the whole of the 50 Rs for scholarships
which was offered exceptionally
on the occasion on account
amount being raised by the Hindustani
Community for encouragement
& help who it is possible
alth & extend to the boys who are necessarily

4 And Dr. of Education will accy
be requested to authorize the

to grant or reduce the fees
owing to poverty of the boys as may
be found on suitable enquiry
to be unable from poverty

It does not appear to the Govt that

Sir

I have the honour to inform you that in accordance with the instructions conveyed in para 4 of Government Order No 3418-9 Ed 79 dated 9th September 1895 I have authorised the Headmasters of the Government Colleges and Schools named in the list of students enclosed with the Order to remit wholly or reduce the fees due by such of the Rajput students named in the list and others of the same caste that may be admitted hereafter as may be found on suitable inquiry to be really unable from poverty and straitened means to pay the fees

2 A large number of students named in the list belong to aided Schools or the Bangalore Municipal English School I am unable to authorise the Headmasters of these schools to

(22)

show the same consideration to Rajput boys, as Government on principle abstains from interfering with the financial arrangements or the rates of fees of these schools

3 To carry out the wishes of Government more fully on the subject as far as Government schools are concerned I would if Government approve send a circular authorising all headmasters of English Schools in the Province to grant the above named concessions to Rajput boys that may hereafter be admitted into their schools These concessions, I understand, will be in addition to the free and half-free studentships now granted under the existing rules
